The Problem With Dating Apps Today

- **350M** people use dating apps worldwide, yet **71% never** go on a single date (*Auto Swiper, 2025*)
- **79% of Gen Z** feel burned out from swiping, 58% say apps bring more frustration than fulfillment (*Forbes Health*)
- **75% of dating apps have major security vulnerabilities:** Tinder, Bumble, Grindr and Hinge all exposed users' precise locations to attackers in 2024 (*Business Digital Index, 2025*)
- Bumble paid a **£32 million settlement** in 2024 for collecting biometric data without consent (*Data Protection People*)

Feature

- A gamified Choose Your Own Adventure experience where your choices reveal your ideal match
- End-to-end encrypted data storage ensuring your personal information never leaves your hands
 - Trying to implement Envelope Encryption (used by AWS, Google Cloud, Microsoft Azure Key Vault)

A thumbnail image for a video titled 'Basic React Template'. It features a dark background with the React logo (a stylized atom) in the center. Below the logo, the text 'Edit src/App.js and save to reload.' is displayed, followed by a blue link that says 'Learn React'. The image is framed by a light blue border.

Basic React Template

A screenshot of a web page with a light blue header and footer. The header contains the text '02' in a large, bold, black font. Below the header, the main content area has a white background. It features the title 'Basic Routing' in a large, bold, black font, followed by the subtitle 'Home Page' in a slightly smaller, bold, black font. Below the subtitle, there is a button with the text 'Go to Prompt' in a black font. A horizontal line separates the main content from the footer. The footer contains the text 'Prompt Page' in a large, bold, black font. Below the footer, there are two buttons: 'Back to Home' and 'Go to Results', both in a black font.
